The Arts at Myer are thriving because of YOUR involvement and dedication to excellence.

## Cross Curricular Connections

**Wait for it! Myer will culminate the year with an Arts publication that will knock your socks off!**

Providing Myer students with varied experiences and opportunities has always been a top priority and this year is no different. Myer teachers know how important it is to make learning fun and relevant to the lives of kids and one excellent way to accomplish this is to join forces. This year, Myer's Arts' Department will work together with the Writer's Craft students to publish a Literary Magazine. Not only will this magazine serve as a showcase of student artwork and creative writing skills but, by consolidating teacher efforts and combining

relevant content, the Literary Magazine will open new spillways of knowledge.

If you would like to know more about the magazine, or you would like to contribute to publishing, writing, or making artwork to include, please see Miss Burns in room 121.

**“The deep learning that takes place in the Arts engages the whole student - mind, body and soul.” - Maya Angelo**

## CALLING ALL FILM BUFFS

Wanna try your skills at producing a short film? Do you think you might like to try acting in front of the camera? Are you willing to share your talents with editing films? Come on out and join the “Film Society”, Myer's very own film club.

We meet Mondays and Tuesdays at lunch in room 218.

Hey! If there is enough interest, we may even compete in the DSBN Short Film competition, “Frames”, in November.
