April 2, 2020

Hello Myer Community Parents

I am writing to give you an update regarding the roll out of at-home learning on April 6th.

Staff have been working diligently to set in place meaningful instruction for our students with the aim of giving the Grade 12 graduating class the opportunity of continuing with their plans for next year, and for Grades 9-11 to have the key skills necessary to pick up their learning whenever high school as we know it returns to normal.

I want to thank you all for your support and patience during this time and to reassure you that we are going to do our very best to help our students.

I would ask you to encourage your students to do their very best with the work provided, and to set aside a reasonable amount of time to complete it to the highest possible standard. We are aware that accessing technology is an issue for some students and will work with those of you who need assistance to make sure nobody is left without the means to be successful.

Please do not hesitate to call the school (905-358-5753) with any academic concerns and we will get back to you.

Given your great support as parents, and the splendid work ethic of our staff and students I am confident that together we can make this work.

Take care

Nigel Evan

Principal, AN Myer Secondary School  
District School Board of Niagara
